

Quantum Hi Tech launches Wireless Mouse 253WJ

Quantum Hi-Tech announces the launch of comfort inspired – 'Wireless Mouse 253WJ'.

With 253WJ the natural curves and soft rubber grips supports your hand, enhancing your computing experience at Rs. 550.

With its ergonomically shaped design and soft rubber grips paired with rubber scrolling wheels, this mouse is truly built for comfort.

Furthermore its compact size makes it easy to carry – wherever you use your computer – at home, at work or anywhere else.

With 2.4 GHz Radio Frequency technology, the 253WJ Wireless Optical Mouse provides you with wireless convenience and the freedom of a smooth connection for up to 10mtrs without tangled cables. The smooth and precise tracking brings in an ultra-

mate navigation experience.

The 600/1600 – DPI optical sensor improves speed, accuracy and reliability without the hassle of a clogged mouse ball. Its advanced optical tracking ensures smoother cursor control and easy text selection also adapting to the speed which can be adjusted as per the needs of the users.

253WJ guarantees more than a month of battery life for normal usage* with the auto-sleep feature, you can automatically maximize your battery life.

It comes with a USB receiver plug for your PC/Laptop to use it. The Metal mesh design 253WJ is compatible to most of the devices which includes Laptops, Desktops etc.

Available in two variant colors Shiny Black & Classy White it's time to detangle your Worries with Quantum Wireless Mouse.
