

QUANTUM WIRELESS MOUSE

QHMPPL under the brand “Quantum Hi-Tech” has announced the launch of comfort inspired - ‘Wireless Mouse 253WJ’. The ergonomically designed mouse with soft rubber grips paired with rubber scrolling wheel, is truly built for comfort. With 2.4 GHz Radio Frequency technology, this small wonder provides wireless convenience and the freedom of a smooth connection for up to 10 metres. The smooth and precise tracking, enhanced by 600/1600 dpi optical sensor brings in an ultimate navigation experience with speed, accuracy and reliability. Work, play, connect and create without worry as 253WJ guarantees more than a month of battery life for normal usage with the auto-sleep feature. The advanced optical sensor keeps the mouse precisely on point and allows user to work on most surfaces, such as glass, wood, marble, and leather surfaces without the need of a mouse pad. The Metal mesh design 253WJ is compatible to most of the devices which include laptops, desktops, etc. Furthermore, its compact size makes it easy to carry.
