

FOR BUSY HANDS

Quantum Hi-Tech's QHMPL is out with its Wireless Mouse 253WJ at Rs 550. With its ergonomically shaped design and soft rubber grips, paired with scrolling wheels, this device is truly built for comfort. The auto-

sleep feature maximises battery life when not in use. If laptop or desktop is not Bluetooth-enabled, just plug the USB receiver into the port and use; no pairing and software installation is required. Available in two variants — shiny black and classy white.
