

# Quantum Hi Tech Launches QHM 7307 Chocolate Mini Keyboard

**Q**HMPL, India's leading frontrunner in consumer

electronics

& high-quality IT peripherals, under the

brand 'Quantum Hi-Tech' with its unflinching commitment to highest standards of quality at affordable prices, announces the launch of QHM 7307 Chocolate Mini USB Keyboard, distinctly

designed to reduce muscle strain and make users feel more at home while working.

The newly launched peripheral is ultra-portable and is aided with 78 chocolate keys that are ergonomically designed to reduce typing stress, arm muscle strain and typing errors. It is also built with

10 multimedia hot keys that let you enjoy the convenience

of controlling all your machine's multi-media functions with ease and accessibility. Adding more

to it, the QHM 7307 is built to last with its long 10 million

key press lifecycle and also sport a laser print keys that do not fade off easily for

further durability. To top it off, the QHM 7307 is also built with a sealed membrane

sheet which is water resistant, thus preventing it from any sort of damage due to accidental spills.

This peripheral is also crafted with a noiseless design that ensures an undisturbed working environment and is built with a key pressure of 55g, to effectively release muscle strain, so that working for longer hours.
