

Quantum Hi Tech launches Wireless Mouse

OUR BUREAU

Quantum Hi-Tech has announced the launch of comfort inspired - 'Wireless Mouse 253WJ' at Rs 550. With 2.4 GHz Radio Frequency technology, the 253WJ Wireless Optical Mouse provides you with wireless convenience and the freedom of a smooth connection for up to 10mtrs without tangled cables. The smooth and precise tracking brings in an ultimate navigation experience.

The 600/1600 - DPI optical sensor improves speed, accuracy and reliability without the hassle of a clogged mouse ball. Its advanced optical tracking ensures smoother cursor control and easy text selection also adapting to the speed which can be adjusted

as per the needs of the users.

Work, play, connect and create without worry as 253WJ guarantees more than a month of battery life for normal usage with the auto-sleep feature, you can automatically maximize your battery life when not in use. Just plug the USB receiver into USB port and use it right away. With no pairing and software to install simply plug and play.

The advanced optical sensor keeps the mouse precisely on point and allows you to work on most surfaces, such as glass, wood, marble, and leather surfaces without the need of a mouse pad. The Metal mesh design 253WJ is compatible to most of the devices which includes laptops, desktops etc.
