

Quantum Hi Tech Launches AHD Solutions Upto 2MP For Its CCTV HD Upgrades

QHMP L, India's leading frontrunner in consumer electronics & high-quality IT peripherals, under the brand 'Quantum Hi-Tech' with its unfailing commitment to highest standards of quality at most affordable prices launches 11 models combining AHD dome and bullet-style cameras which provides superior quality and high definition videos, backed with a resolution that can go upto 1920*1080 pixels.

Commenting on the launch of AHD Cameras, Mr. Ashish Mutneja Director, QHMP L says, "Analogue High Definition" is the next generation-analogue surveillance spec that breaks the image limitations of traditional analogue cameras. It not only maintains its original advantages including long distance and no delay transmission but also provides higher resolution quality compared with the price point of previous analogue cameras."

The new AHD cameras are compatible with AHD Digital Video Recorders (DVRs) compatible with both AHD cameras and old Analog Cameras along with IP Cameras, allowing users to have more options based on the application requirements.
