

Enhance your gaming experience

FEATURES

- It is designed for comfortable control and advanced dual shock Vibrate functions matched with powerful Double Vibration feedback for non-stop Gaming.
- It is crafted for a console like control experience with traditional design, the Gamepad fits like a glove.
- Embodied with 8 ways direction buttons which fits perfectly in your fingers and backed with LED indicator of Turbo and auto mode buttons the Gamepad acts apt for action or shooting games.
- For control in action games the device is also built in with 2-3D joystick buttons, so mimicking your favourite action hero while playing your favourite game becomes easier.
- For gaming benefits, it also encompasses fire buttons + slow buttons and is packed with individual controls which gives you ease while selecting any other options instead of clicking on the same button for different options.
- It is available in Red, Blue, Yellow & White colour, the QHM 7487 is designed with smooth curves and conjured rubber grips, making it more comfortable and easy on hands for longer playing sessions.
- The gaming pad is compatible with 2000/Windows XP, Windows Vista or Windows 7 or Windows 8.

- It is tagged with 1 year warranty which is available across leading ecommerce portals and retail stores.
