**Mumbai, 27<sup>th</sup> May, 2015:** QHMPL, India's leading frontrunner in consumer electronics & high-quality IT peripherals, under the brand 'Quantum Hi-Tech' with its unfailing commitment to ***highest standards of quality at most affordable prices***, announces a novel mouse in its peripheral line up **QHM 288 USB Mouse with faster and accurate tracking**.

Embodied with the Laser cut technology, for visible three colorful LED Lights that shift through a Kaleidoscope of 7 different hues, QHM 288 brings in colors suiting your every mood. With seven different LED Light colors that change while in use, QHM 288 offers soothing ambient lightning, while in contradiction of your Monday Blues at work or busy shopping deals.

Priced at Rs. 450/ - the ergonomically designed Mouse scores perfect in the realm of style and functionality. Some of the key features include:

- **Hyper-fast scrolling**

In free-spinning mode you can coast smoothly with 1200 DPI through the longest documents and Web pages. In click-to-click mode you can step precisely through spreadsheets, photo albums or playlists.

- **Strong Grip for all day Use**

Soft side grips and Rubber coated surface with contoured design support suits both left and right handed for all-day comfort and confident control. The shape allows for the hand to continuously rest on the mouse body in a relaxed fashion and thereby reducing the risk of RSI (repetitive strain injury).

- **Plug-and-play setup**

Your mouse works right out of the box. No installation hassles. No software required. Just plug the cord into a USB port and you're good to go.

- **Advanced optical tracking**

Experience Increased tracking resolution with smoother response on any surface aided with world's best components and IC's available.

Backed with a full Year Warranty QHM288 is available across leading ecommerce portals and retail stores.
