Quantum Hi Tech Launches QHM 7307 Chocolate Mini Keyboard

- Built with 78 unique square shaped, flat keys resembles a chocolate bar
- Reduces typing error, designed for comfortable working

Mumbai 17th June, 2015: QHMPL, India's leading frontrunner in consumer electronics & high-quality IT peripherals, under the brand 'Quantum Hi-Tech' with its unfailing commitment to highest standards of quality at affordable prices, announces the launch of QHM 7307 Chocolate Mini USB Keyboard, *distinctly designed to reduce muscle strain and make users feel more at home while working.*

The newly launched peripheral is ultra-portable and is aided with 78 chocolate keys that are ergonomically designed to reduce typing stress, arm muscle strain and typing errors. It is also built with 10 multimedia hot keys that let you enjoy the convenience of controlling all your machine's multi-media functions with ease and accessibility. Adding more to it, the QHM 7307 is built to last with its long 10 million key press lifecycle and also sport a laser print keys that do not fade off easily for further durability. To top it off, the QHM 7307 is also built with a sealed membrane sheet which is water resistant, thus preventing it from any sort of damage due to accidental spills.

This peripheral is also crafted with a noiseless design that ensures an undisturbed working environment and is built with a key pressure of 55g, to effectively release muscle strain, so that working for longer hours can be easier. Its low travel distance reduces finger fatigue compared to traditional travel distance keyboards and its slim size takes up little space on the desktop making it an aesthetically better match to your LCD screen

Aggressively priced at Rs. 325/- the keyboard is compatible with windows 98, 2000, ME, NT, XP, Vista, Linux, Window 7MS, Windows 98SE, Me, 2000, Windows® XP, Windows Vista® or Windows® 7 or Windows® 8.

Tagged with a 1 year warranty, the QHM 7307 is available across leading ecommerce portals and retail stores.
